

**Michael John Mulvany**  
**Born: 31 January 1941, Buxton, England.**  
**British by birth, Danish citizenship since 1985.**

**Qualifications**

- 1962 Honours degree in Mathematics and Engineering Science (1st class), Oxford University, Oxford, UK.  
1978 PhD, University of Aarhus.  
1983 Doctor of Medical Sciences (DMSc), University of Aarhus.

**Positions**

- 1969-88 Assistant/Associate Professor, Dept. Biophysics, University of Aarhus.  
1974-76 Research Associate, Dept. Physiology, University of Vermont, Vermont, USA.  
1988-92 Associate Professor/Docent, Dept. Pharmacology, University of Aarhus.  
1997- Professor, Dept. Pharmacology, University of Aarhus.  
2002 Visiting Professor, University of Bath  
2003- Head, University of Aarhus Graduate School of Health Sciences

**Scientific work**

Structure and function of small arteries and their role in the development of high blood pressure (hypertension). Recent work: (a) Investigation of abnormal structure of small arteries in hypertension; (b) Drug treatments which can normalize the abnormal structure; (c) cellular and molecular mechanisms which determine small artery structure.

- 1974- Over 240 international publications cited in PubMed. H-factor: 42.  
1977- Invited plenary lecturer at about 170 international congresses, symposia and workshops.

**Awards**

- 1986 ICI-award, Danish Society of Hypertension.  
1986 Fourth Sir George Pickering Memorial Lecture, British Society of Hypertension.  
1986- Honorary member of the British Hypertension Society.  
1993 Folkow-award, European Society of Hypertension.  
1995 Heymans Memorial Lecture, Belgian Physiological and Pharmacological Society.  
1997 Folkow lecture, Symposium on Mechanisms of Vasodilatation.  
1998 Novo Nordisk prize (together with Prof. Chr. Aalkjær)  
2002 Malphigi Award, European Society of Microcirculation  
2004 Anglo-Nordic lecture, British Pharmacological Society  
2006 Danish Lecture, XVth World Congress of Pharmacology, Beijing

**Editorial work**

- 1984-1996 Associate Editor, Clin. Sci. (1984-89), Eur. J. Clin. Invest. (1990-96)  
1992-2006 Editor, Cardiovascular Section, Acta Physiol Scand  
1992-2002 Main Editor, J Vasc Res.

**Scientific society committees**

- 1997- Founder, Secretary and Advisory Board, European Council for Blood Pressure and Cardiovascular Research.

2000-2007 Chairman, Danish Society for Pharmacology and Toxicology
